VANILLAS

Our vanillas are made from a proprietary cold pressing method which preserves each and every one of the 250 plus vanilla notes found in each bean. Gelato made with Tahitian vanilla can be described as aromatic and floral. Its essence is derived from the vanilla plant indigenous only to the island of Tahiti, and it is the rarest vanilla orchid in the world. Its delicate, rich floral and fruit-like flavor notes transcend ordinary vanillas because each bean is allowed to ripen below the orchid flower before being hand picked

G101	Tahitian Vanilla	Pure Tahitian vanilla with vanilla bean specks blended with fresh dairy
G102	Mexican Vanilla	Pure Mexican vanilla with vanilla bean specks blended with fresh dairy
G103	Madagascar Bourbon Vanilla	Pure Madagascar vanilla blended with fresh dairy and a hint of bourbon

G119	Sugar-Free Fat-Free Tahitian Vanilla	Pure Tahitian vanilla blended with a no-fat, no-sugar added dairy

CHOCOLATES

Our chocolates have been carefully selected from all over the world and are certified pure. We start with Dutch processed cocoa and blend in couverture chocolate from Switzerland, Venezuela and Belgium. We achieve hairline streaks of couverture chocolate by melting the bars and stringing it in right before freezing. The cocoa beans consist of premium, noble varieties and the cocoa butter is pure, prime quality from the first pressing and guaranteed to contain no additional vegetable fat. Our white chocolates are made from pure cocoa butter and cocoa butter cream.

G201	Swiss Chocolate Couverture	Dutch processed cocoa and 65% Swiss couverture chocolate blended with fresh dairy – couverture bits throughout
